COVID-19 swept across the globe. While the pandemic affected citizens of all countries, the consequences were not felt equally. Join the Boston University School of Public Health on September 13 for "The Next Normal: Global Health" to discuss how the experience of a worldwide pandemic shapes how we approach global health. Register here: <https://bu.edu/sph/NextNormalGH>

"The Next Normal" is a series of programs designed to pause and ask what we have learned from COVID-19 and why we cannot return to pre-pandemic normal. On 9/13, join the Boston University School of Public Health and leading experts to explore the challenges and opportunities the COVID-19 pandemic presented related to global health. Sign up to join the conversation: <https://bu.edu/sph/NextNormalGH>

Boston University School of Public Health leads provocative and thoughtful conversations in its mission to improve the health of local, national, and international populations, particularly the disadvantaged, underserved, and vulnerable, through excellence and innovation in education, research, and service.

THINK. TEACH. DO. FOR THE HEALTH OF ALL.
